## DIVISION TWELVE EXPANDS THE FUNK TABLE LINE

*The bent metal furniture brand's café table gets even funkier with new features*

**February 16, 2022 (Toronto)** – Division Twelve's Funk tables are about to get a whole lot funkier. How much funkier, you ask? How does 32 new design combinations sound?

Starting today, all Funk table models – square, circular, and outdoor – will now include two new height options in addition to the original café model: bar and counter. So go ahead, create the Funk of your dreams. Outdoor circular bar height for those lively summer patios? Totally doable. Indoor square counter height for a cinnamon oat milk latte and a really good book? Consider it done. Combined with Division Twelve's vibrant, extra-funky color palette, the options are truly endless.

That's not all – Funk tables are now outfitted with adjustable leveling glides ensure complete stability. Discreetly installed into the base of the Funk table, these glides are stainless steel and feature a non-stick black nylon base to prevent any scraping or damage to flooring. So not only can you design any Funk your heart desires, you can rest assured that these stable funky tables won't be responsible for spilling any mimosas at Sunday brunch.
